## FLASHES FROM THE FIELD DANDY DIAMOND DOINGS

Bridgeport must have been traveling some to trim the Lawrence team in their own stronghold.

This is the first time the Orators have won a down East game in some time. Let's hope that it is a good omen.

Manager O'Rourke will give "Cy" Miller who played third base for the U. M. C. Industrial League team last season, a try out. "Cy" is a good third baseman, can twist a bit and is a good pitcher. Manager Jim thinks well of him and will give him a fair trial.

Catcher Beaumont, the former Orator arrived in Holyoke Saturday, and with him his written release from the Portland club of the Pacific Coast League. Hea declares he was given his release outright. Knowing that Holyoke was in need of an experienced catcher he wrote to them for terms which he accepted. He says that Charley Armbruster, the former Whaler backstop, is at present doing the regular catching for the Portland team. Buster went to the Boston Americans from New London, then to the White Sox. His hitting and pegging whip are better than ever.

Springfields were a little more lucky in Worcester Saturday, than on Friday and won out 3-2. Murray Parker did the twirling and had the New England champions at his mercy.

La Vigne, released by Manager O'Rourke, will be given a try out by Manager Bone of the New Haven team. He ought to make good with the White Wings.

Manager O'Rourke, stopped off in Springfield on the down East trip and was immediately surrounded by the sporting scribbles of that hamlet. Manager Jim said: "I'm tired of having a

tail end team; you don't draw well on the road. The home fans would be sure to see a losing aggregation. I'll have a winning club this year if money will secure the players. You know the Park City is the best town on the circuit with a winning club." (To which the home fans unite in a most hearty Amen.)

"I think it's safe to predict that the coming season will be the best the Connecticut League has ever experienced. I find that every club which was looking upon as weak has strengthened up and there is ample enthusiasm in every city. The league has never started off with such pleasing prospects, and it looks as if if there were to be any deadwood this year."—President W. J. Tracy of the Connecticut League.

The New Haven recruits got in their first strenuous work of the season Saturday when they helped extinguish a stubborn fire in Water street, West Haven. The players swung the jumpers belonging to the Sea Side Hose Co. and in going to the fire established a new record in West Haven. They arrived the same day of the fire.

Earl Powell showed up in Lawrence, Saturday, and covered first base. He secured one of the ten hits and scored a run. Earl is a pitcher and not a first baseman, holding down that position in the place of Marty Phelan, who has put Manager O'Rourke on the anxious seat by his non-appearance.

The Orators will have one of the best pitching staffs in the league with McCarthy, Gibbs, Powell, Pollard, Roemer, with Kocher and Jameson to do the catching.

Bourquin will be a bixture at second and ought to prove a good successor to Jimmy Jr. His showing in Lawrence Saturday was very much to the excellent.

## BOSTON MARATHON IS RUN TO-DAY

Over 150,000 Cheering Enthusiasts Witnessed the Event.

(Special from United Press.) Boston, April 19.—One hundred and eighty-two of the best long distance runners in America lined up at noon today for the start of the 13th annual Marathon race of the Boston Athletic Association. Never was there a larger or better field in an event of this kind and with the ideal weather conditions prevailing, athletic history is expected to be made. For 25 miles over the winding, hilly roads that wind through South Framingham, Natick, Wellesley, the Newtons and Brookline, the men struggled through a pathway lined on both sides with wildly cheering crowds. Fully 150,000 people viewed the race. Only a few are attempting to pick a winner from such a good field. Teawana, the Carlisle Indian, is one of the good favorites, and Jimmy Lee of New York is backed to win. Bob Fowler of Cambridge and Jim Crowley and Mike Reilly were considered good picking for firsts.

## HARVARD'S SHOWING CAUSES SHAKE-UP IN YALE CREW

(Special from United Press.) New Haven, April 19.—A general shift among the members of the Yale Varsity crew is expected as a result of the easy manner in which Harvard defeated Columbia on Saturday. Coach John Kennedy of the Yale crew and captain Howe of the Harvard boat both witnessed the race and Kennedy admitted that the Crimson crew is one of the best ever put on the water by Harvard. "I am sure it is unusually quick," he said, "and the fact that it can maintain a 38 stroke indicates the tremendous power in the Harvard boat." It is expected that Howe will change places with Wallace at No. 4 or take his old seat at No. 6, and Hyde, who has been rowing at No. 6, will then go to No. 4.

## SWEDISH MARATHONER IS REAL CHAMPION

(Special from United Press.) New York, April 19.—John Svanberg, the Swedish champion, is today in line to meet any of the Marathon runners. The Swede made his first appearance in this country yesterday when he defeated Frank Simpson, the Ojibwa Indian, in a race at Celtic Park. He forced the Indian to quit in the seventh mile. Svanberg's performance for the Marathon distance was but a minute behind the record made by Henri St. Yves, the French runner, when he won the Marathon Derby on the Polo grounds.

## TONIGHT'S BOXING BOUTS

Boston, April 19.—Tommy O'Toole, the clever Philadelphia featherweight who meets Al Dumont here tonight, is in Boston and is in such shape as cannot be bettered. Despite Tommy's reputation, Al Dumont at Bellevue that his recent defeat of Joey Bowker means that he is a hummer from the tap of the gong.

Salem, April 19.—Fight fans in Salem tonight will see a ding dong contest when Phil Brock of Cleveland faces Arthur Cote, the champion of Maine. Brock is a tough customer and the fact that he got an award over Donahue in New Orleans a couple of months ago shows his caliber. He is a boxer of the extremely aggressive type, always working hard for a finish. This is the best chance Cote has had to get his name back in the game and should he prove the victor in tonight's contest he will have gained a wide reputation.

## Hayes and McCormack Race Tonight

(By Dick Barrett.) Walter Hayes, champion of Connecticut and Geo. McCormack of New York will compete in a five mile race tonight for a purse of 60 dollars. The race will be against McCormack in a Marathon race a few months ago and came in second. McCormack has been trying to get a match with Hayes for five miles ever since and Hayes has finally accepted, and there will be a hard battle at the Park City Rink tonight. McCormack is a big and very fast and is a pretty skater, but Hayes being smaller than his opponent is picked as the winner of to-night's event. He is the fastest five mile racer in Connecticut. Frank Brower is no longer Hayes' partner for Brower thought he was the winning man in every race and it was Hayes who helped that boy to win. Hayes is thinking about having his Brother Ward or Harry Burke as a partner although there isn't a brother team in the State and these two would be the real boys if they get together. The race will start at 9:15 o'clock.

## Why Imitators of the Pianola Do Not Approach It More Closely

IN some lines of manufacture an imitation offers a fairly satisfactory substitute. Not so with the Pianola. Its various features of construction are so thoroughly protected by patents, that imitators are perforce compelled to adopt roundabout methods of manufacture which cannot possibly yield the same results.

A prominent London manufacturer of pianos, now retired, recently said:

"A notable feature of the industry is the extraordinary way in which every detail of the Pianola is covered by patents. Doubtless some of the best has occurred in the automobile industry, but not to anything like the same extent. The Pianola is a masterpiece of engineering."

Note: Two of the most important advantages of the Pianola, which comprise its complete artistic interpretation and the Pianola style (insuring artistic interpretation) and the Pianola (giving the melody notes their proper value). If you wish these and the other vital features of the Pianola, you must have the Pianola itself—other Piano-players are without them.
